This item may be considered at a one-day meeting of the Board, which will commence at 9:00 a.m., May 22, 2014, and may continue at 8:30 a.m., on May 23, 2014. This item may not be considered until May 23, 2014. Please consult the agenda for the meeting, which will be available at least 10 days before May 22, 2014, to determine the day on which this item will be considered.

Under Senate Bill 375 (SB 375), the Sustainable Communities and Climate Protection Act of 2008, (Stats. 2008, ch. 728) each of the California MPOs is required to prepare and adopt a regional transportation plan with an SCS (or an Alternative Planning Strategy) that includes a forecasted development pattern for the region that is integrated with the transportation network, measures, and policies that could, if feasible, meet the greenhouse gas emission reduction targets set by the ARB. In 2010, ARB established these targets for 2020 and 2035 for each region covered by one of the State's MPOs.

Each of the eight San Joaquin Valley MPOs has published a draft SCS for public review. ARB staff will provide an oral briefing with an overview of the measures and policies reflected in each these eight published draft SCSs. This is an informational item and no Board action will be taken.

Interested members of the public may present comments orally or in writing at the meeting and may provide comments by postal mail or by electronic submittal before the meeting. To be considered by the Board, written comments not physically submitted at the meeting, must be received **no later than 5:00 pm, Monday, May 19, 2014,** and addressed to the following:
